

# Road Safety Engineer Road Safety Auditor

We are seeking a Road Safety Engineer / Road Safety Auditor to assist with our increasing workload

## About TMS

TMS is an independent company specialising in the field of road safety and traffic management. TMS provides services to an extensive client base in both the private and public sectors throughout the UK and internationally. As a company TMS are looking to improve its capacity in road safety audit / road safety engineering and to continue to develop its core business.

## About You

- Applicants will have a minimum of four years' experience in the field of road safety engineering or collision investigation
- Experience of carrying out **road safety audits** as a **Team Leader** (in accordance with HD 19/15) in the past 24 months (with at least five in the last 12 months). Required to have attended at least 10 days formal Collision Investigation or Road Safety Engineering training
- Highways England Certificate of Competency in Road Safety Audit would be essential in this role
- Key skills and experience to include:
  - Road Safety Audits on UK roads
  - Collision investigations on UK roads
  - Road Safety Engineering schemes on UK roads
  - Technical report writing
  - AutoCAD (desirable)

The role would involve significant amounts of travel both in the UK and possibly overseas

## Application Details
