

# Police TMO Training (LANTRA Approved)

## Course Overview

A five-day course intended for both newly appointed and existing police traffic management officers. It provides the knowledge and skills necessary to fulfil many of the functions of the role and provides an opportunity for delegates to demonstrate their competency.

Delegates will complete 10 half-day modules, including a final time-constrained written assessment.

## Aims and Objectives

This course is designed to fulfil the initial training requirements of police traffic management officers by providing an overview of traffic management concepts and principles, with more detailed coverage of those areas most commonly coming within the scope of the Police TMO role. The course will:

- Identify the legal and procedural requirements and limitations of the role of Police TMO.
- Identify the correct sources of information relating to the main aspects of the role of Police TMO.
- Advise and direct police colleagues and other applicants in matters relating to traffic management, road safety and highway engineering.

## Topics Covered

The five-day course is delivered in nine distinct taught modules, concluded by a time-constrained written assessment.

The module breakdowns are as follows (more details overleaf):

<b>Module 1</b>	Introduction to Traffic Management
<b>Module 2</b>	Highway Law
<b>Module 3</b>	Traffic Regulation Orders
<b>Module 4</b>	Speed Limits
<b>Module 5</b>	Temporary Traffic Management
<b>Module 6</b>	Signs and Road Markings
<b>Module 7</b>	Highway Design
<b>Module 8</b>	Road Safety Engineering
<b>Module 9</b>	Road Safety Audit
<b>Module 10</b>	Assessment

## Module 1

### Introduction to Traffic Management

What is traffic management?  
Law, standards and guidance  
Aims of traffic management  
Understanding traffic data  
Road user hierarchy  
Priorities for pedestrians, cyclists, horse-riders, and disabled users  
Safe routes to school

## Module 3

### Traffic Regulation Orders

TRO principles  
The order-making process  
The role of police in the TRO process  
Permanent, Experimental, and Temporary orders  
Special events  
Parking places  
Miscellaneous orders

## Module 5

### Temporary Traffic Management

TTM principles  
Planning and risk assessment  
TTM equipment and techniques  
Traffic Signs Manual Chapter 8  
Safety at Street Works and Road Works: a Code of Practice  
Emergency TM  
Event management

## Module 7

### Highway Design

DMRB & Manual for Streets  
Department for Transport guidance  
Junction design  
Designing for cyclists and disabilities  
Shared space  
RTC contributory design factors

## Module 2

### Highway Law

English & Welsh legal system  
Legal powers and duties of highway authorities  
Police powers  
Criminal liabilities  
Civil liabilities  
The role of HM Coroner  
Planning law

## Module 4

### Speed Limits

Purpose of speed limits  
Speed limit orders  
Signing of speed limits  
Government policy  
Setting local speed limits  
Enforcement issues

## Module 6

### Signs and Road Markings

Traffic Signs Regulations and General Directions (TSRGD)  
Traffic Signs Manual  
Decluttering  
Legal powers and duties re. signing

## Module 8

### Road Safety Engineering

Road safety policy  
The role of education, engineering and enforcement (the three Es)  
Collision data analysis  
Mitigation measures  
Cost/benefit analysis

## Module 9 Road Safety Audit

DMRB Standard GG 119  
CIHT SoRSA guidelines on RSA  
The RSA process  
Common RSA issues  
The police role in RSA

## Module 10 Assessment

A time-constrained written assessment requiring an analysis of supplied data and a consideration of options to mitigate an identified traffic management / road safety problem

## Certification

Delegates completing this course and passing all the assessments will receive a Certificate of Training, accredited by LANTRA Awards.

## In-House Training

Please note this is currently only available as an in-house training course, delivered at your offices or at a suitable venue.

In-house training can often work out more cost effective where you have several members of staff you would like to be trained at any one time. The maximum number of delegates we can train on this course is limited to 12.

If you would like a quotation or further information regarding this training, please contact us using the enquiry form on our website.
